Dear Sir

RE: PROVINCIAL CONDITIONAL GRANTS ROLL-OVER APPLICATION

Your letter dated 14 September 2020 has reference.

The City of Ekurhuleni acknowledges your response and would hereby like to appeal the decision made in relation to the Tembisa Ext 25 project, based on the following:

The CoE currently has a panel of contractors in place that were appointed for the construction of High-rise buildings, inclusive of RDP Walk – up units, which is valid until 30 June 2022.

The Tembisa Ext 25 project is at an advanced stage of construction and the City intends to appoint three (3) contractors namely: Dinah & Joyce Enterprise cc, Falcon Suppliers (Pty)Ltd and Boutel Projects (Pty)Ltd, to complete the work on the project, subject to the roll - over appeal approval.

The following documents are attached in support of this appeal application.

- a. The project progress report, which also outlines the risks to the project and the CoE should the roll-over appeal not be considered favourably.

- b. The appointment letters and service level agreements of the three contractors that would be appointed for the completion of the project.
- c. Letter of support from the Alternative Building Technology (ABT) Supplier.
- d. Approved BAC item for the High Rise panel (A –HS 02 -2019).

Yours faithfully

MR. KAGISO M LERUTLA
GROUP CHIEF FINANCIAL OFFICER

DR. IMOGEN MASHAZI
CITY MANAGER
