APPLICATION FOR TARIFF CHANGE - PREPAYMENT METERS

DETAILS OF APPLICANT	
NAME:	
STREET ADDRESS:	
TELEPHONE NO:	
METER NO:	
ACCOUNT NO:	
STAND NO:	

The changing from one tariff to another will be done at no cost to the consumer and as per Note 2 below the tariff will be applicable for 12 months and no further tariff change will be allowed in this period.

NOTE 1: Tariff A is only available for single phase or three phase 80Amps per phase Electrical connections. **Tariff A Inclining Block Tariff (IBT)** for residential customers **will be cost effective** if the monthly consumption is **less than 819.10 kWh** units. **Tariff B** for residential customer **will be cost effective** if the monthly consumption is **above 819.10 kWh** units. **100kWh free basic electricity** is only available on the **residential tariff A IBT** and **not** on tariff B residential or for businesses.

NOTE 2: A customer will be charged according to the new tariff for a minimum period of 12 months after any change of tariff.

NOTE 3: The cost of any changes to metering equipment necessitated by the change of tariff will be for the account of the customer, unless otherwise decided by the Engineer.

NOTE 4: Tariff change will take effect immediately for prepayment meter once signed and captured.
