**Draft 2026/2027-Integrated Development Plan
and
Draft 2026/2027-2028/2029 Medium Term Revenue Expenditure
Framework (MTREF)**

Legislative Context: Community and Stakeholder Participation

Section 16 (1) which states that a municipality must develop a culture of municipal governance that complements formal representative government with a system of participatory governance, and must for this purpose;

(a) encourage, and create conditions for, the **local community to participate** in the affairs of the municipality, including in:

- (i) **the preparation, implementation and review of its integrated development plan** in terms of Chapter 5.
- (ii) the establishment, implementation and review of its performance management system in terms of Chapter 6,
- (iii) the monitoring and review of its performance, including the outcomes and impact of such performance,
- (iv) **the preparation of its budget**, and
- (v) strategic decisions relating to the provision of municipal services in terms of Chapter 8.

(b) contribute to building the capacity of;

- (i) the local community to enable it to participate in the affairs of the municipality, and
- (ii) councillors and staff, to foster community participation, and

(c) use its resources, and annually allocate funds in its budget, as may be appropriate for the purpose of implementing paragraphs (a) and (b).

Section 16 (2) states that subsection (1) must not be interpreted as permitting interference with a municipal councils right to govern and to exercise the executive and legislative authority of the municipality.

The Local Government Municipal Finance Management Act 56 of 2003 in Section (22)(a) requires the accounting officer of a municipality to immediately after an annual budget is tabled in a municipal council

(a) in accordance with Chapter 4 of the Municipal Systems Act

(i) **make public the annual budget.**

(ii) **invite the local community to submit representations** in connection with the budget; and

(b) submit the annual budget

(i) to the National Treasury and the relevant provincial treasury,

(ii) to national or provincial organs of state and to other municipalities affected by the budget.

Legislative Context: Community and Stakeholder Participation

- **Amendment to the IDP may not be adopted** by a municipal council unless the proposed amendment has been **published for public comment for a period of 21 days** in a manner that allows the public an opportunity to make representations with regard to the proposed amendment as required by section 3 (4) (b) of the Local Government Municipal Planning and Performance Management Regulations 2001.

COE IDP AND BUDGET PROCESS

Section 2

What is the IDP and the Budget?

The IDP is a 5-year inclusive strategic plan for the development of the municipality as required by the Local Government Municipal Systems Act 32 of 2000

The Medium-Term Revenue and Expenditure Framework, or the MTREF, provides the budgets for the various projects/services that the City will implement in the next financial year (budget year) – and the two years following the budget year. It is a requirement of the Local Government Municipal Finance Management Act, 56 of 2003.

IDP Community Development Priorities

- Community development priorities are priorities collected from the community as part of the IDP and Budget process.
- In the City of Ekurhuleni, these are collected per ward (Ward Participatory System) and are referred to as ward priorities
- They are priorities required in terms of Section 29(1) (b) of the Local Government **Municipal Systems Act, 32 of 2000** which requires that the process followed by the municipality to draft its integrated development plan must:

Through appropriate mechanisms, processes and procedures established in terms of Chapter 4, allow for the local community to be consulted on its development needs and priorities and for them to participate in the drafting of the integrated development plan.

- The CoE Ward priorities were reviewed during the IDP and Budget review process on **7 to 16 October 2025** in preparation for the 2026/2027 IDP and 2026/2027-2028-2029 MTREF.

Proposed policy review

Debt Relief and Rehabilitation Incentive:

- Increasing the write off from 70% to 75% on all the accounts that are 12 months and above for Households.
- A 10% debt write off on business over above the 100% write off on interest and extending the tempering waiver for a period for Residents only.
- Extending of the debt relief to the City's rental stock.

Credit Control:

- Exercising of credit control on overconsumption by indigents and the consideration of opening of criminal cases for constant deliberate tempering.
- Clearing of the deceased accounts in an instance of impractical claim against a deceased estate, a process that will be subjected to application and verification.

Indigent Support:

- Abolishing of a criteria that declines indigent application on the basis of two accounts with the approval for a single benefit.
- Improving the ease of application by re-affirming the admissibility of the affidavits in the absence of the letter of authority as well as the end to end management of indigent application.

Proposed policy review

Water losses:

- Fixing of water leakages by the City inside household's properties as and when reported and detected.

Stolen service connection cable:

- Removal of the liability by the account holders for cable theft outside properties.

Investment Support:

- Introduction of a minimum investment support package to attract private sector investment and collaboration.

Energy Pricing and Tariff Policy:

- The City will move from inclining Block Tariffs to a Flat Rate Tariff, aligned to the approach used by Eskom. - 0-50kWh = Free Basic Electricity – Above 50kWh = Flat tariff with cross-subsidization.

GENERAL CoE CHALLENGES

- The **significant outstanding debts and nonpayment for services rendered** limits available resources, making it challenging for the City to address all community needs within a single financial year.
- **Growing population** results in growing demand for services and resources which need to be addressed with limited resources.
- **Aging and constrained infrastructure** which requires resources to be allocated to refurbishments, upgrades and repairs.
- **Theft and vandalism of infrastructure** – city is increasing efforts to both prevent and respond to incidents.
